WHAT IS NEW?

Street Improvements

A major street project started on the Grand Ave. The stretch between Kostner (4400 W) and California (2800 W) will be repaved after the new sewer system will be installed. This area will also get new sidewalks. Please, plan accordingly when driving through this area as the construction may delay the traffic.

New sidewalks corners already decorate the Armitage Avenue between Kostner and Pulaski. They were a part of the Armitage Avenue update project, which also included a new street resurfacing.

New traffic lights were installed at the intersection of Pulaski and Cortland and replaced the former stop signs. The lights help to protect the McAuliffe students as they walk to school.
